

The merry of meeting

The people who always regard their destiny as honorable for the benefit of the country and the people, for the development of science are always respected. On May 7-8 of the current year, the staff of the department had been working for a long time on the occasion of May 9 "Memory and honor", who worked at the Institute of Higher Mathematics for many years. Turobjon Qodirbekov and docent. Visited Anatoliy Imamovich Sayfuddinov's house. They were handed over gifts from the Institute. It is difficult to describe their joy in words.

Higher Mathematics Chair Ass. F.Turaev's report
