

Remembering the past is the custom of our nation

From the very first days of our independence, great attention has been paid to the restoration of the enormous, invaluable spiritual and cultural heritage created by our ancestors. The people of Uzbekistan have the opportunity to restore their history, to unfounded names, to the historical figures who have played an important role in world development. Today, under the leadership of H. Eshova, Dean of the Faculty of "Earth Resources Management", Dean of the Faculty for Youth Affairs, 1st-2nd course students traveled to the Shahidlar Square. Historical information about martyrdom during the trip was given to students by museum staff. During the trip, students also learned a lot about the history of our great scholars who were martyred.
