

Sustainability as a university strategy: a chain of change

QS World Merit organized an international webinar on October 21, 2021, an international webinar was held, organized by QS Quacquarelli Symonds (UK) World Merit (World Services) on the topic "Sustainability as University Strategy: Chain of Change" .

This webinar was attended by heads of universities from various developed countries and representatives of international organizations. At the event, the main representatives of TIAME on QS also participated, the first vice-rector, prof.B.S.Mirzaev, M.Reimov and G.Eshchanova. The meeting took place at 17:30 Tashkent time.

We hope that such meetings will serve as a basis for each university, based on its goal, to advance in the international ranking of QS (Quacquarelli Symonds), effectively apply international experience in practice by further developing different activities the field of education and research.
