ABOUT FACULTY

The faculty was founded in 1945 as "Land management" under the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers (TIAME). The faculty has been operating since 2004 under the name of Land Use and Land Cadastre. It is a single faculty which prepares a highly qualified specialists in Land use, land cadastre, geodesy and cartography in agriculture and water resources.

The first head of the department was docent M.Maslov. Then the department was headed by professor P.Tatur, docents J.Karmanov, V.Artamonov, A.Nazirov, A.Abdurazzoqov, later by professor O.Ramazonov, docent Q.Rahmonov and professor S.Avezbaev. Since 2011 it has been headed by docent Z.Mukimov.

In the structure of the faculty there was only one department, department of geodesy. In last years there were established the departments of Land use, projecting and development of agricultural territories, aerophotogeodesy, Land use and its interrelations, Land cadastre and cartography.

At the present, the faculty has the departments of Land Use, Geodesy and Geoinformatics, State Cadastre and Higher Mathematics. Since 2004 it has been named after "Land Use and Land Cadastre".

Experienced teachers of the departments as professors A.Chertovitsky, S.Avezbaev, B.Hudoyorov, Sh.Narimov, docents Q.Rahmonov, Z.Mukimov, I.Musaev, O.Kucharov, O.Bobojonov, T.Ergashev and others are teaching students there.

The faculty is actively cooperating with State Committee of the Republic of Uzbekistan and its institutions on the purpose of informing the students, developing technical base of the department, and also organizing the education and practice in land resources, Geodesy, Cartography and State Cadastre of Land and Cadastre of Geodesy and Cartography.
