

## Projects with bright perspectives

On May 16, 2019 Dean of the faculty of "Agriculture and Water Resources Energy" A. Isakov, heads and students of the department visited the UzexpoCenter, accompanied by group trainers during their free time.

International exhibitions on energy and oil and gas sectors were held at the National Exhibition Complex UzExpoCentre in Tashkent on 15-17 May 2012, entitled "Power Uzbekistan-2019" and "OGU-2019".

The event, organized by Iteca Exhibitions, jointly with the Ministry of Energy of the Republic of Uzbekistan, Uzbekneftgaz, Uzbekenergo and other organizations, is aimed at the development of the energy and oil and gas industries, to get acquainted with international experience and to establish mutual cooperation.

Future projects in the field of power generation and generation of power generating capacities will be presented at the international exhibition Power Uzbekistan-2019 - Energy, Energy Efficiency, Nuclear Power, Alternative Energy Sources, and OGU-2019 will be held at the International Exhibition for Geology, Geophysics, oil and gas extraction, transportation, storage, processing, petrochemical and gas chemistry, information and communication technologies.

The exhibition will be attended by 150 companies from 31 countries. Meetings were held as part of the event.

R.Jumaniyozov, the press secretary of the institute
