Talented students of Abdulla Kadiri creative school visited our institute

This time the students are at the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers. Talented students of Abdulla Kadyri Creative School, located in Tashkent, visited our institute. During the visit, they got acquainted with the buildings of the Institute, created conditions, the information resource center, the auditoriums, the premises of public organizations. Students asked questions about the Institute and received answers to their questions. Then the students were invited to the spiritual and educational event organized by our Institute. Together with the director, they took part in the event and the students presented their performances. Collaboration will continue. Youth is the creator of the future. We would like to remind you that earlier the leadership of the Institute and the administration of the faculty, together with the active students, visited this new school to familiarize with the students.
