

## Museums are value formation places

The 1st year students of 109,110,111 group of "Technical examination and marketing of engineering and technology" and "Mechatronics and robotics" directions of ESAWR faculty of our institute lead by the curators, A.Djalilov, Y.Cholliev, M.Abdullayev visited the State Museum "Memory of Victims of Repression". The students have once again been convinced that museums are one of the leading means bring them to spiritual maturity. In conclusion, it should be noted that museums have become increasingly important in the process of implementing new changes in society, educating members of society in the spirit of democratic thinking and national ideology. Obviously, the spirituality of any people or nation cannot be imagined without its history, customs and traditions.
