

TIIAME achieved the second place in the ranking of world universities

The Times Higher Education rating agency announced the results of the University Impact Ranking 2020 on April 22, 2020. In this ranking, the Tashkent Institute of Irrigation and Agricultural Mechanization Engineers took 201+ place in the overall ranking of world universities in the areas of "clean water and sanitation", "life on land".

TIIAME is currently the only higher education institution in the history of Uzbekistan recognized by two major rating agencies THE and QS.

As you know, the ranking of "Emerging Europe and Central Asia - EECA" was announced at the summit "QS in Conversation" on October 14-15, 2019 in Kaunas, Lithuania. The Tashkent Institute of Irrigation and Agricultural Mechanization Engineers was the first in the country to take 301+ places in this ranking.
